Dear Mr. Fine,

On behalf of The Barry L. Price Rehabilitation Center, I can not begin to thank you enough on how much you, Karen Holmes Ward and Channel 5 have touched our lives for the better. There are no simple words to express our level of gratitude, for the leadership and kindness that you and Karen have bestowed upon us. You and the individuals at Channel 5 who have helped with The Extreme-Make Over: My Home Town and the making of the PSA are truly wonderful. We are grateful for your generosity and for your involvement. Everyone is always very impressed and made to feel important when they are with you.

As you know, The Price Center is a non-profit organization providing support services to individuals with developmental disabilities. People are provided opportunities to participate in community-based work, as well as treatment and living environments aimed to foster self-confidence and to maximize physical, emotional and intellectual capability. We support people by encouraging personal growth and participation in the community through social living and work experiences that respect individual preference and diversity.

Thank you again Bill, for all of your support and leadership. You'll always have a favorite fan base at The Price Center.

Sincerely Yours,

Dear Mr. Fine,

It was my pleasure, as CEO of the National Kidney Foundation of MA, RI, NH and VT, to experience first hand Channel 5's commitment to the community it serves.

I thought I would take a moment to recognize several members of your staff who have consistently contributed to our success well beyond their professional capacities as our business partners:

We first met Jim Knipper when he introduced us to the world of possibilities available on thebostonchannel.com. We now have a presence not only as paid advertisers, but as part of Commonwealth 5 and as enthusiastic participants in Bidding for Good. Jim guided us through our online "indoctrination" steadfastly, and for his unwavering support, we recognized him and Channel 5 as our 2007 Media Partner at an awards ceremony in January. Still as committed as ever, Jim and his family volunteered at our recent Boston Kidney Walk.

Karen Holmes Ward is no stranger to those of us working in the not-for-profit sector in greater Boston. I was happy to become reacquainted with her through my work with Jim and the NKF. Karen graciously accepted our invitation to act as Emcee of our Boston Walk this year at the Franklin Park Zoo. She supported our efforts by giving much needed priority to our PSA in the weeks leading up to our event, helping us to reach more people and to break last year's tally for both Walkers and Donations.

Finally, Tammi Johnson, a local sales coordinator at Channel 5 and a live kidney donor herself, joined us at the Walk as well, working tirelessly for several hours helping Walkers to register and get started.

Our work is not easy, and we strive every day to engage the hearts and minds of our friends and neighbors in the service of education and research to cure kidney disease. To be effective, we know we can't do it alone. We are very grateful to people like Jim, Karen and Tammi. I know you know how fortunate you are to have such compassionate, committed folks on your staff. So we wanted to say, thank you!

Best,

Dear Mr. Fine,

Please accept my sincere congratulations on WCVB Channel 5's selection into the 2007 Boston Business Hall of Fame in honor of its commitment to volunteerism and community involvement. This recognition is well-deserved and reflects your hard work and initiative.

As House Chairman of the Labor and Workforce Development Committee, I understand that building close ties between businesses and our communities is critical to the continuing development of the Commonwealth's workforce as well as to the overall economic strength and viability of Massachusetts. I believe that the support WCVB Channel 5 provides to a variety of community organizations contributes strongly to this goal.

Once again, please accept my congratulations. If I can ever be of any assistance to you, please do not hesitate to contact my office.

Dear Bill:

On behalf of everyone at the Museum of Science, I want to congratulate WCVB on 35 years of excellence.

I have seen, firsthand, the power WCVB has to engage, entertain, and challenge viewers. Through timely programs, state-of-the-art technology, and an unwavering commitment to public service, WCVB has made a difference to the people of Massachusetts in ways that are real and measurable.

Without question, our decade-long collaboration has helped interest a new generation in the Museum, our exhibits and initiatives. Your support has been invaluable and we look forward to continuing and expanding our partnership.

We salute your myriad contributions to the Museum and to the community at large.

Dear Mr. Fine,

We would like to thank you for facilitating Ed Harding's visit to the Marshfield Senior Center. We invited Mr. Harding to speak at our men's group on Friday, March 30<sup>th</sup>, 2007. He talked about "The Role of Local News Journalism in a Democratic Society".

This was an event that everyone looked forward to and very much enjoyed. Seniors were pleased that Mr. Harding took time out of his hectic schedule to present to our group. The presentation was both interesting and humorous. Mr. Harding was very gracious and made a concerted effort to speak to each and every senior that approached him.

Again, thank you for the opportunity to have Ed Harding as our guest speaker. It was a wonderful experience!

Dear Mr. Fine:

We are pleased to announce that by unanimous vote of the Board of Trustees, WCVB-TV 5 is named Distinguished Benefactor of the Museum in honor of the company's generous lifetime support. Achieving the status of Distinguished Benefactor recognizes cumulative giving of \$1,000,000 to \$2,499,999. A certificate officially documenting the action taken by the Trustees is enclosed.

The Benefactor plaque, located at the entrance of the West Wing, will be updated to include the company's name in the coming weeks. WCVB-TV 5 will also be listed as Distinguished Benefactors named during fiscal year 2006-2007 in the Museum's Annual Report, which is published after the fiscal year ends on June 30, 2007. A listing of recently-named Benefactors will also be printed in an upcoming issue of "Preview" magazine. The company's name will be listed as it appears on the enclosed card unless you wish to change it. If you would like to make a change, please fill out and return the card at your earliest convenience.

On behalf of the entire Museum family, we wish to share with you our appreciation for WCVB-TV 5's generosity.

Thank you.

Dear Susan,

Thanks. It was great to hear my email read at the end of last night's "Chronicle"!!! I almost fell off my chair. I never thought anyone really read those. It is nice to watch a network that cares about audience feedback.

Perhaps some high chairs with low backs would look fantastic behind the new desk for Mary and Anthony.

Since my husband suffered a major stroke (at the age of 55) the only vacations we take these days are through the eyes of Mary and Anthony. They have also taken us to some fantastic restaurants...yummy!! Please let them know that we have enjoyed every minute of it.

No more channel surfing for me. Even if Mary and Anthony continue to stand (hopefully not) I will live with it. Hearing my email read yesterday has made me a loyal fan again.

Keep up the excellent work...Deborah Lambert

Dear Bill Fine and Chronicle and ALL WCVB Staff:  
I thoroughly enjoyed the recent 35 Year Celebration and the wonderful "Look  
Back", History, Film Footage and the individual interviews with some of the  
staff members.

I was looking forward to it for weeks and then so happy to watch it again when  
it aired after the initial evening on Chronicle.

Growing up in this area, I remeber all 35 years and it was great to revisit  
the many years of excellent reporting and exceptional professionalism that

It truly is like "Family" and I am so glad you shared the memories with us

Thank you and looking forward to many more Family visits with MY Station of

HD Day

MESSAGE:

This evening I had a chance to watch Monday's "HD Day" program on my HD PVR ... Congratulations on your new amazing HD News Studio! It looks fabulous. I particularly like the look and feel of the Chronicle set with the stone facing in the background.

As a hi-tech guy (I purchased my HDTV and HD Satellite Receiver in January 2000 and currently subscribe to 3 HD providers) I can just imagine the great excitement at your station! I love all the Plasma, LCD and Rear Projection screens!

As someone who recently retired from a 40 year career with the weather service here in Canada, I was particularly enthusiastic about your HD Doppler Radar! No more fuzzy images!

I am wondering if ALL your local news will be in HDTV. As you may know KOMO4 News in Seattle has been in HDTV for several years now. However, even though many of their taped stories are in HDTV, most of their live remote stories are widescreen upconverts ... not true HDTV. Does the News Center have the technology in place to do live remote stories in HDTV?

Another question re: Chronicle's recent HDTV programs. I have noticed that some programs (with the exception of the studio shots) have not really been in HDTV, but 4:3 SDTV with Chronicle sidebars to fill out the 16:9 format. My HD Receiver indicates that they are new stories, so I am wondering why all are not HDTV.

Here in Vancouver most of the public seem to be well aware of HDTV. Several of my friends have recently purchased or plan to soon purchase an HDTV along with a HD receiver either satellite or cable. If you go into any electronic store you would be hard pressed to find anything but flat widescreen plasmas or LCD's. The picture tube all but disappeared over the last year. I am personally looking forward to upgrading my tube DHTV to a new 50" 1080P plasma in the fall ... cannot wait to see Chronicle on it!

I think what has really sold HDTV in this country is sports ... and hockey in particular. For me it has been the nature programming from PBS and National Geographic HD. There is so much HD programming on now that if a program is not in HD I will not watch it!!!

HD Day  
Again congratulations on your fabulous new HD studio! I am looking forward to  
watching Chronicle from its new home!

Bob

Congratulations on your switchover to HD. As an HD viewer for over four years, the new studio design is very striking, and complements the great "talent" you have had on board for so many years. Harvey's HD Doppler weathercasts are aesthetically quite beautiful, as well as unfailingly accurate, as before.

I'd love to visit the new set, if possible, as well as your new control room, having been in broadcasting long ago.

My son went to school with one of Jorge Quiroga's children, so at least in a small way, we feel part of the Channel 5 "family." We also were acquainted with Mark Mills, so "Chronicle" always has a special place in our lives- it's a really fine program.

One question- when will your news feeds transition to HD, as they are obviously not of the same pictorial quality, (in SD)? This discrepancy is quite apparent to the viewer, as you obviously know.

Best regards,  
Jonathan

I live in New Hampshire and i will be watching your station from now on, for the news seeing as no one else has the insight as to broadcast news in HD. The only down side to the HD news is that not all of the stories or live feeds are in HD. I am sure the cost is very expensive for the HD cameras and soon your station will have all cameras in HD, and all of the news will be in HD.

Hi Bill,

We can't thank you enough for your outstanding support of The Ellie Fund and our Kelley for Ellie event (and everything we've done with Karen Holmes too). With your generous support, we raised \$75,000 on May 10! Please know that these funds are already being used to provide transportation to medical appointments daycare, housecleaning, meals and more for breast cancer patients and their families completely free of charge.

With all the charities that come to you for support, please know how much it means to us to have you (and Gail!) on our team. We look forward to doing more good work with WCVB and helping more women and families with breast cancer than ever before.

All the best,

Julie

Dear Mr. Fine,

My name is Tachauna Cardwell, and I go to Cathedral Grammar School in Boston. On behalf of all the kids in my school, I would like to thank you for your generous donation to the Catholic Schools Foundation to help kids like me with tuition. It means so much to us that we have people who are willing to give us money toward our education here at Cathedral.

I'd like to tell you a little bit about myself. I am 13 years old, and I live in Dorchester, MA with my grandmother and stepfather. If you're wondering why I live with my stepfather and no mother, it's because my mother is very sick and will die soon within 6 months to a year. She's in a hospice since her muscles won't work any more.

What I do for fun: I love to dance, write, shop and hang out with my friends at the mall and at each other's houses. I'm getting a good education because when I grow up, I'm going to be a top lawyer. I want to be a lawyer because I'm very argumentative, and I love to make my point and debate with others!

I would like to talk to you about my school and myself. My favorite subject in school is math even though I don't like the math teacher. (But I still cooperate with her!) I like math because it stays the same and doesn't change once you learn it. My favorite teacher is my first grade teacher, Mrs. Costa, and my favorite teacher now is Mr. Mihal who is my homeroom 8<sup>th</sup> grade teacher who also teaches social studies and science. I really like school so much that I don't want to stay home during school vacations! During recess I help out with the kindergarten kids.

Once again I want to thank you for your donation which is such a blessing for us. May God bless you.

Yours truly,

Dear Terry,

On behalf of the children and families cared for at The Barbara Bush Children's Hospital at Maine Medical Center, I'd like to thank everyone at WGME 13 for hosting our 18<sup>th</sup> annual Children's Miracle Network Telethon on WGME 13. With tremendous help from your talented team, the 2007 telethon raised \$1,038,137.40 for the children's hospital this year. WGME 13's continued support truly helps to ensure that quality pediatric medical care is available close to home for children in need.

The telethon not only generates donations from new and existing donors, but offers a wonderful recognition for the businesses and organizations that support the hospital throughout the year. Additionally, the telethon serves as great opportunity for our medical experts to educate the public about common health, safety and prevention messages.

Near the end of the telethon the hosts asked 9 year-old Joshua C., "Why should people call the telethon and support the children's hospital?" Joshua thought for a minute and replied, "Because there are kids here and they want to go home."

Many thanks to everyone at WGME 13 for helping to get these kids home!

Hello,

I am a long time viewer of WGME and I enjoy watching both the am and pm news. I am from Brunswick and I just wanted to thank you for the great coverage of the storm yesterday and today. I was shaken up by this one and the news coverage and weather team made me feel better, just knowing that I was not alone and keeping me posted from minuet to minuet. I kept your station on the entire day...yes like Kate Barker, I am one of the lucky ones that escaped from damage and the loss of power. Oh, by the way...awesome reporting on Dave Eids part, he is a great breaking news reporter as well as sports reporter...GO DAVE!!! Thanks again and I will continue to be a WGME fan and keep watching.

Pam Robinson :)

Lucas,

Thanks for your fast action on the impeachment story and your terrific story tonight, especially liked the quote from the folks at the Republican Headquarters.

I will make it my business to keep you in the loop on developments as we move ahead, and feel free to contact me at the locations I gave you or at my personal email address which is [ghiggin2@earthlink.net](mailto:ghiggin2@earthlink.net).

Impeachment is on many many people's minds, and much is happening around the matter, so it needed to be brought out of the "woodwork" by the media. Great that you made that happen.

To monitor what is going on with the national impeachment movement, go to [www.impeach07.org](http://www.impeach07.org)

Thanks again for the opportunity to explain Maine's impeachment activities on the air.

I have a suggestion, why don't you take out the weather. You obviously have no clue as to what it is going to do. Your weather forecasts, if that's what you would like to call them, are a joke, do you sit there and draw numbers out of a hat to come up with the snow predictions? If you decided to keep the weather, why don't you try this.... It is going to snow and we have no idea how much we will get or no snow today... Then you might be accurate... just a thought..

Just curious, how do people that consistently get something so wrong have a job? I don't get it.... I guess I should have been a weathermen...

Max,

I have truly enjoyed your broadcasts. It is VERY refreshing to listen to a meteorologist who is not only competent and professional, but who is also /\*articulate\*/. You actually can pronounce all four of the syllables in the word "temperature."

We so often have to suffer through "tem-chure," and "trop-cal" from forecasters.

I liked Charlie Lopresti, but he just could not pronounce the word temperature.

Thank you for articulating properly. I will now look forward to tuning in for the channel 13 weather.

I will, however, continue to change the channel whenever radical Mark Harmon appears on my screen. He leans so far to the right he insults the intelligence of every fair minded American looking for information to enable one to make an informed decision on one's own. He doesn't think we can do that, so he crams his slanted opinions down our throats.

Kudos to you for your talent.

Dear Bill,

It was a pleasure to meet you at the luncheon marking our 21 years of captioning sponsorship on WCVB. Thank you very much for making this a memorable day for us with your presence and kind words about Liberty Mutual.

We truly value our partnership with WCVB and the Media Access Group. The leadership and initiative that both organizations demonstrated more than 20 years ago to make captioning a reality has helped enrich the lives of countless individuals who are deaf and hard of hearing. We feel privileged to have been able to support such a worthy endeavor.

On behalf of everyone in the Liberty Mutual family, we thank WCVB for your important contributions to this community and region, and we wish you continued success in all that you do.

Sincerely,

*John Cusolito*
